

## **The Father's Church Prayer (*palal*) Declarations: Manaus in August 2025**

*Let us agree together as we continue to declare the following prayerfully:*

We go forward in obedience to the will of the heavenly Father, declaring His perfect timing as we carry His Cross into the Amazonia state and region.

We ask for His presence to go before us and to surround us at every point of our assignment. May we be sensitive to Him and hear clearly from His guiding voice.

We declare the partnership promise of Psalm 91: divine health, protection, safety, favor for the travelers, their families, and the entirety of our church family.

God is for us, so who can be against us? No weapon formed against us will prosper. If the enemy were to come against us in one way, he must flee in seven.

May our U.S. and Mexico team of Saints be anointed to serve in new ways as we pattern the lessons we have learned throughout the years. Divine wisdom, skill and understanding must be upon all of us.

May we, as heirs and joint heirs with Christ, partner with creation and the angelic in service of our heavenly Father.

May Christ Jesus, Prince of peace, be the breaker who goes before us at the head of His army.

May we fulfill the mandate of His mission and return home rejoicing.

And, for those who remain at our home base, may each be abundantly blessed. Let no evil befall our tereo or the saints left in charge in this holy place.

The churches and Pastors from Brazil, which comprise the indigenous members of our ministry team, must walk in communion with the Lord and with each other. May God grant them abundant agreement and unity in conjunction with our Network ministers. May we all function together in ministry as a team.

May the Spirit of God watch over and prepare the host churches in Manaus. May the soil be prepared and ready to receive what God is planting. May there also be a deep commitment to continue onward as saints. And may effective connections be made within the Brazilian network. May God grant creativity in our pursuit of training these people, both now and in the future.
