

Please pray regarding the *visions* seen by our Brazilian intercessors during the Prayer Summit on March 1, 2026.

Pools of Water:

Vision... of many pools, one on top another. Heard God say, “Jump”, but most did not because of fear. God said, “go deeper.”

Vision... of an altar with a small fountain. Many people were nearby. Some were visibly sad. Water began to suddenly gain force, issuing a different kind of water. The water began to engulf the people. They began to float. Some started to jump and rejoice and. The water continued to rise.

Vision... of a man in a white coat sitting on a chair. His foot was being covered by rising water. A **purple** tent was being extended over the large room where he was seated. Referenced Ezekiel 47, the waters of the river of God rising.
