

The Father's Church and Saints Network: July 5, 2026 Intercessory Findings

Compiled and grouped by Pastor Ron on-site immediately following intercession.
Submission by The Father's Church (Dallas) and Christian Church at Port Saint John

The current situation in our nation and around the world indicates what God has prophesied for the time of the end. We are in the beginning stages of an ever-transforming march toward what is written in the Bible for the final redemption of the Kingdom of God.

Visions

Apostle

Water-

Individuals clad in white robes diving into the deep. * This has been a recurrent vision pattern among the saints in Brasil. This is how the saints (bathos/bissynos) are described in the Bible.

People cloaked in the yellow of Wisdom/Revelation... A map was on the front of the clothing. (Colossians 2:2-8)

Pure water of a spring ... bubbling up and building into an increasingly powerful stream.

Evangelist

Harvest-

Parched, hard-packed ground where wheat is growing. Hard rain can destroy a harvest. We need a saturation rain, likely the result of the *sha'al* asking for the latter/harvest rain. Misting/gentle rain is better for permeation and promoting ultimate growth.

Navigation-

A boat going down a narrow canal with growth on both sides. I saw no end to the canal. Looking forward as far as I could, it did not look like we could successfully navigate that canal but were determined to do so. Starting out slow and in the center of this narrow waterway, some areas were quite wide and easily navigable. We ran aground in shallow places (especially when we strayed from the center). We

regularly had to go back and forth to get unstuck. Slow and steady was the key, remaining centered.

Prophet

I saw a woman to my left (opposition to fulfillment of the divine promise) dressed in purple (T/S... ostensibly directed by Behemoth) with a pointed purple hat that had symbols of stars and lightning bolts on it. From her mouth came wind that I knew was counterfeit. Her presence seemed to indicate false prophetic words directed at the pure representations of the Sons of God. This indicates the great deception being sent to deceive the very elect, as well as real-time spiritual warfare.

I saw the roof of an expanding structure, and squirrels were poking their heads through the wall/roof. When the squirrels pulled their heads out from the roof, they looked at us with a sense of discovery and insight. Interpreted as the saints investigating enemy structures and what is within. Like Elisha in 2 Kings 6:12.

A fiery altar is seen. We need to keep the fire burning and submit ourselves to it in intercession and as obedient, living sacrifices.

A remembrance of Jonathan eating the honey (1 Samuel 14:27-29)

Revelatory/Interpretation insights from prayer (not from visions)

Reaching the Nations

Our pattern for reaching the nations has been established by how God has led and developed the Saints Network to this point. We function and welcome those whom God has united with us. These, then, join with us in a “megas” going into fields of harvest. This involves praying, learning, and applying the “meat of the Word”.

God asks us to look for the “thirsty.” John 6:35 and John 7:37.

In this, we need greater spiritual discernment to determine whether someone is sincere in their pursuit of the saints’ calling.

In summary, we need to intensify our efforts to train indigenous leaders in the nations to which we have been sent.

Smaller teams need to go into the nations to train. We need to welcome certain committed leaders to Dallas to offer intensive training.

Books need to be translated via AI/editorial review.

Audiobooks are also to be considered.

The *hagios* Platform and the Deep Waters app will be crucial

Suggestions for our personal walk

We need to establish an individual prayer regimen

Spend time in the Spirit and allow God to develop the spirit within so that we discover a revelation of what we were created to be.

We must empty ourselves for more of Him, submitting our mind and flesh to His service, in alignment with who God created us to be.

Suggestions for the churches and the Network

Remember that you are sons and lightning, and your place is in the heavens. Utilize your understanding of authority and covenant prayer.

More designated prayer times: new places, times, objectives, and structure

Pray for each other

Pray for other ministries, as well

We need to ask (*aitéo*) for what is needed. Perhaps a prophetic list of requests (*aitema*) and declarations.

Financial outpouring upon our church and ministry

We need a renewed commitment to our calling and a greater allegiance to the heavenly Father. Prayer must not be viewed as required or routine.

Declaration for Wednesday Night

The Father's Church and Saints Network

Drawn from the Intercessory Findings of July 5, 2026

Every line is drawn from the words the saints received and submitted on July 5, 2026, cast into a corporate voice for declaration. Nothing has been added.

We stand in the beginning stages of an ever-transforming march toward the final redemption of the Kingdom of God, and we declare that we are His.

We are the saints clad in white, and we dive into the deep. We are the pure spring that bubbles up from Him, and we declare that we are building into an increasingly powerful stream.

We wear the yellow of His Wisdom and Revelation, and the map of His mystery is upon us.

Colossians 2:3 *In whom are hid all the treasures of wisdom and knowledge.*

We look for the thirsty, and we call them to the water.

John 7:37 *In the last day, that great day of the feast, Jesus stood and cried, saying, If any man thirst, let him come unto me, and drink.*

We declare that we are sons and lightning, and our place is in the heavens. We take up our understanding of authority and covenant prayer.

We are not deceived by the counterfeit voice, for we discern it. We search out the structures of the enemy, and we bring back discovery and insight.

We keep the fire burning upon the altar, and we present ourselves as obedient, living sacrifices. Our eyes are enlightened, as the eyes of Jonathan were enlightened.

We ask. We sha'al for the saturating latter rain upon the harvest, and we aiteo for all that is needed. We declare a financial outpouring upon the church and the ministry.

We navigate the narrow way slowly, steadily, and from the center, and we will not turn aside.

We renew our commitment to our calling and our allegiance to the heavenly Father, and we declare that our prayer is not routine, but living.

Five-Fold Interpretation Report

The Father's Church and Saints Network

Intercessory Findings

July 5, 2026

A faithful synthesis of the gathered prophetic words and intercession, organized by the Five-Fold Characteristics Framework. This report contains only what the intercessors received and submitted. Nothing has been added.

One Page Summary

This one page summary is a companion to the full Five-Fold Interpretation Report, not a replacement for it. Nothing has been added. It gathers only what the intercessors received and submitted on July 5, 2026, and orders it by the five offices.

Apostle

The saints saw the mission itself: figures clad in white robes diving into the deep, the very picture of the bathos and bissynos saints, and a spring of pure water bubbling up and building into an ever more powerful stream. Others were cloaked in the yellow of Wisdom and Revelation with a map upon the front of the clothing. The season was named as the beginning stages of an ever-transforming march toward the final redemption of the Kingdom of God.

Teacher and Seer

The framework for reaching the nations was drawn from how God has led and developed the Saints Network. The saints function, welcome those God unites with them, and join together in a megas going into the fields of harvest through praying, learning, and applying the meat of the Word. God asks the saints to look for the thirsty, to seek greater discernment of sincerity, to intensify the training of indigenous leaders, and to steward the **hagios** Platform, the Deep Waters app, and the translation of the books.

Prophet

The prophetic word was sharp on warfare and discernment. A counterfeit prophetess in purple sent false words at the pure Sons of God, a picture of the great deception aimed at the very elect. Squirrels searching the roof of an expanding structure showed the saints

investigating enemy structures, as Elisha did. A fiery altar called the saints to keep the fire burning as living sacrifices, and the remembrance of Jonathan and the honey spoke of eyes enlightened.

Evangelist

The strike points concerned the harvest and the way into it. Wheat grew in parched, hard-packed ground that needed not a destroying hard rain but a saturating and misting rain, the fruit of the sha'al, the asking for the latter rain. A boat pressed down a long, narrow canal, navigable only slowly and from the center, running aground wherever it strayed. Slow, steady, and centered was the key.

Pastor

The pastoral word cared for the walk and the House. Each saint is to establish a personal prayer regimen, spend time in the Spirit, and empty self for more of Him. The churches and the Network are to remember that they are sons and lightning whose place is in the heavens, to open new prayer times and structures, to pray for one another and for other ministries, to aiteo for what is needed, to seek a financial outpouring, and to renew their commitment so prayer is never treated as routine.
